A ruler at the top of the chart shows measurements in centimeters, ranging from 0 to 13. The ruler has markings every millimeter and labels every centimeter.

The chart is titled "Colour & Grey Control Chart" in a large, bold, black font.

Below the title, there are two rows of color patches. The first row contains six patches labeled "Blue", "Cyan", "Green", "Yellow", "Red", and "Magenta". The second row contains six patches labeled "White", "Grey 1", "Grey 2", "Grey 3", "Grey 4", and "Black".

On the right side of the chart, there is a target symbol consisting of a series of black lines radiating from a central point, forming a star-like shape.
