

A color calibration target (Munsell Color Services Lab) with a grid of 24 color patches and a ruler at the bottom. The patches are arranged in a 4x6 grid. The top row includes a grayscale patch, a yellow patch, a cyan patch, and a magenta patch. The bottom row includes a brown patch, an orange patch, a blue patch, and a white patch. The ruler at the bottom is marked in millimeters (mm) and centimeters (cm). The text "calibrite" and "colorchecker classic" are visible at the top. The date "02/22" is printed in the bottom right corner.
