Fragmentarium

fenalia sunt eorum vero que iam exolunt
ab sensu. hec que dubitanda sunt ad cog-
noscendum. hec vero ignota sunt. Capitis
quoque magnitudo et figura et eius
cerebri numerus est et plus dicendum est. [illegible]
[illegible] hec vero et toracis. Itaque vero et
secundum sui complationes aut humeros
aut brachia aut cubitos aut summum
ex manibus aut bracchium aut sursum
aut pedes non dubitanda cognosci. [illegible]
[illegible] plasmationis lapsum sit ad [illegible]
[illegible] sive sint magnitudine sive
secundum numerum aut secundum conformationem
correspondentium ea. Manifeste vero et [illegible]
[illegible] quorum sunt lesiones. ea vero
sunt intra corpus non omnia cogno-
sci facile. verum sicut cuilibet ita pro
et rotunditatem et presentium [illegible]
[illegible] videri. ut manifeste apparet
secundum complexionem aliam et [illegible]
tibus et tangentibus et videntibus
similiter et vesicam cuilibet [illegible]
[illegible] et plurimum ita ut si aliquid [illegible]
secundum [illegible] tumor [illegible]
apparet manifeste. non tamen alios que int-
rinsecus manifestam cognitionem [illegible]
[illegible] temptare aut oportet cognoscere
possibile est verum eorum et vicium. et
si non secundum disciplinam certam. sed secundum
coniecturam quandam artificialem. ve-
lut si ita accidit epi. vidi quidam et
multos qui graciles venas habent.
[illegible] colore vero [illegible] corpus. et
parvo amplius [illegible] et magis
inflantur [illegible] et [illegible] et glu-
[illegible] velut [illegible] impetum.
et [illegible] secundum [illegible]

[illegible] in [illegible] hos [illegible]
tinsione quadam dolentes. In hus
[illegible] est et [illegible] est [illegible].
et angustium [illegible]
[illegible] secundum
[illegible] vero [illegible]
[illegible] cognovi quoque [illegible]
[illegible] et [illegible]
[illegible] cognovi quoque [illegible]
signa [illegible] huius [illegible]
[illegible] quam [illegible]
[illegible] ut [illegible]
animalibus ex quibus manifestum [illegible]
[illegible] vide [illegible]
ad cognitionem ex anothomia
[illegible] et [illegible]
[illegible] inventos. [illegible]
cognitor [illegible] est
[illegible] corporum in anathomi-
[illegible] est. et in [illegible] et
[illegible] inventionibus [illegible]
[illegible] est [illegible] et omnibus in [illegible] ne
[illegible] quibus in fine [illegible]
[illegible] cognoscentem [illegible]
[illegible] ut [illegible]
[illegible] nervinis ne
[illegible] de [illegible]
[illegible] vero [illegible]
[illegible] cognoscere oportet
[illegible] hec sensibus [illegible]
[illegible] que [illegible] secundum [illegible]
[illegible] in magnitudine. et [illegible]
[illegible] et colore et [illegible] et [illegible].
[illegible] secundum [illegible] et [illegible]
[illegible] et [illegible]
[illegible] vero [illegible]
[illegible] aut [illegible]
